May 30, 2018 marks the date of our inaugural Day of Gender Equality – a gender equality summit held in conjunction with the Commonwealth Businesswomen’s Network. It will be the first time the Sir Paul Getty X1 will field a women’s team having invited the FairBreak Global X1 to play the inaugural match.

The FairBreak X1 is made up of players from 11 different countries. From our understanding it is the first time that this has occurred in women’s cricket.
